SIVAKARTHICK S

+91 8148464439 | s.sivakarthick2005@gmail.com | Tirunelveli, Tamil Nadu

CAREER OBJECTIVE

To secure a challenging position in a growth-oriented organization where I can contribute my technical skills in software and web development, problem-solving abilities, and passion for building scalable applications. I also hold interest in Human Resource Management and Marketing.

EDUCATION

B.Tech Computer Science and Business Systems 2022 – 2026
Ramco Institute of Technology, Rajapalayam *CGPA: 7.5*
HSC – Sri Lalitha Vidyalaya Matric Hr. Sec. School, Tirunelveli 2021 – 2022 | 78%
SSLC – Sri Jayendra Swamigal Silver Jubilee Matric Hr. Sec. School, Tirunelveli 2019 – 2020 | 65%

TECHNICAL SKILLS

Languages	Java, Python, JavaScript, Typescript.
Web Technologies	HTML5, CSS3, Responsive Design.
Database	SQL.
Tools & Others	Git, Scapy, Streamlit, Microsoft Power BI
Soft Skills	Good Communication, Time Management, Adaptability, Teamwork

RELEVANT COURSEWORK

Object-Oriented Programming | Database Management Systems | Computer Networks | Operating Systems | Web Technologies.

INTERNSHIP

Java Full Stack Development – *Bevywise Networks, Tirunelveli*

- Developed and integrated RESTful APIs using Java, applying MVC architecture principles for clean separation of business logic and front-end layers.
- Built and styled responsive web interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and consistent user experience.

PROJECTS

Craves – Food Ordering Web Application | *HTML5, CSS3, JavaScript*

- Built a responsive food ordering web app for local cuisines using HTML5, CSS3, and JavaScript with dynamic menu rendering smooth UI interactions.
- Implemented client-side form validation using JavaScript, applied CSS Flexbox/Grid for layout, and structured the app following a component-based approach for reusability.
- Designed with mobile-first responsiveness in mind, ensuring consistent rendering across screen sizes and browsers.

AI-Based Real-Time Intrusion Detection System (NIDS) | *AI/ML, Networking, Python, SQLite*

- Engineered a scalable real-time network monitoring system using a Deep Learning LSTM model to detect and classify cyber threats, with live packet sniffing via Scapy.
- Built an end-to-end automated threat response pipeline: SQLite-backed traffic logging, instant admin alerts via Email/Telegram, proactive IP blocking, and an interactive Streamlit dashboard for live traffic visualisation and attack session tracking.

ACHIEVEMENTS & CERTIFICATIONS

- Secured First Place in the Technical Quiz organised by Ramco Institute of Technology, Rajapalayam.
- Participated in Hackathon on Database Management Systems organised by Vibhathi Lab, Ramco Institute of Technology.
- Completed Microsoft Power BI certification at Ramco Institute of Technology — skilled in data modelling, DAX, and interactive dashboard creation.

Languages Known: Tamil, English

Area of Interest : Software & Web Development, Recruitment & Management.
